Alex Zwissler

Staff:

Joe LaClair

Rising Sea Level Working Group

11:00 a.m. – 12:30 p.m.

Thursday, July 9, 2015

BCDC Offices, 455 Golden Gate, Suite 10660

McAteer-Petris Conference Room

San Francisco

1. Roll Call, Introductions and Approval of Agenda

BCDC staff will call the roll. Chair Wasserman will solicit introductions from visitors and staff. Working Group approval of the Agenda.

2. Approval of June 4, 2015 Working Group Meeting Summary

The working group will consider approval of staff's summary of the June 4, 2015 working group meeting.

3. Hayward Shoreline Resilience Study

BCDC's Adapting to Rising Tides Program team will present findings and outcomes from the Hayward Shoreline Resilience Study, a focus area project that resulted from the ART Alameda County assessment. The team will describe the assessment process and how it informed the adaptation responses developed, working in close collaboration with a diverse working group.

4. Four Twenty Seven: Survey of Corporate Adaptation Efforts

Emilie Mazzacurati and Aleka Seville from Four Twenty Seven, a consulting firm focused on climate adaptation services, will present the results of their 2015 Corporate Adaptation Report, prepared in partnership with the University of Notre Dame's Global Adaptation Index summarizing barriers to corporate adaptation and opportunities to coordinate these efforts with the public sector.
